

PROFILE

Developer with experience in backend development, API design, authentication, and security, skilled in Java, Python (Flask), Node.js, Express.js, SQL & NoSQL. Focused on delivering secure, scalable, and efficient systems that meet real-world needs.

PROJECT EXPERIENCE

- Facial Intruder Alert System

Oct 2024

- Python, opencv, numpy, ctypes - **Backend & cv2 Integration**
 - Developed a real-time facial authentication system using Python and OpenCV, integrating intrusion detection with automated alerts (SMTP/telephony), system lockdown.
 - GitHub:** [View Source Code](#)
- Secure Mail Client Application

Jan 2025

- Python, Flask, hotmail, Triple DES, AES - **Backend & Frontend**
 - Triple DES & AES encryption for secure communication. Integrated Hotmail via IMAP/SMTP for real-time email exchange and implemented custom UI for sending, receiving, and managing encrypted messages.
 - GitHub:** [View Source Code](#)
- AI Code Vulnerability Scanner

May 2025

- Python, Olama, numpy, ctypes - **Backend & Pattern Matching**
 - Built a security analysis using pattern-based methods and ML to detect vulnerabilities with automated fixes and risk reports
 - GitHub:** [View Source Code](#)
- Blogging Platform

Aug 2025

- NodeJS, ReactJS, MongoDB - **Full stack**
 - Full-stack blogging platform with React.js and Node.js featuring enterprise-grade security (bcrypt), role-based access control, and scalable user authentication. Demonstrated production-ready development with real-time content management, advanced admin analytics
 - GitHub:** [View Source Code](#)

ACHIEVEMENTS

- Academic Excellence Award** for the Year 2024 - 2025
- 2nd Prize** - Awarded as Best project for the Year 2024 - 2025
- 1st Prize** - Awarded as Best project for the Year 2023 - 2024
- 1st Prize** - Proof of Concept (AI Code Vulnerability Scanner)
- “Tech Titans”** - Awarded at Sri Eshwar College of Engineering, Coimbatore
- 2nd Prize** - Codeathon in Kongu Engineering College

EDUCATION

- 2023 - 2027

Kongu Engineering College,
Perundurai

- B.Tech Information Technology
 - GPA: 8.98 / 10.0
- 2022 - 2023

SSM Lakshmi Ammal Matric School,
Komarapalayam

- HSC
 - Percentage: 85.5 / 100

INTERNSHIP

- Matrimony.com** - Full stack Trainee
Aug 2025 - Present
Technology : NodeJS, ExpressJS, AngularJS, MongoDB

CERTIFICATION

- Oracle SE17 Developer - Certificate
- AWS Cloud Practitioner - Certificate
- Multithreading in Java - Certificate
- Python Web Developer - Certificate

SKILLS

- Technologies** - Java, NodeJS, ExpressJs, SQL, MongoDB, Python, Flask, C, HTML, CSS
- Tools & Platform** - Git, GitHub, VSCode, Netlify
- Soft skills** - Adaptability, Collaborative Working, Time Management, Communication

AREA OF INTEREST

- Database Management System
- Web Development
- Data Structures
