Education

Kongu Engineering College

Perundurai, Tamil Nadu

BTech in Information Technology, 3rd year (2023 - 2027)

- **CGPA:** 8.98/10 (Upto 4 semester)
- Awarded with Academic Excellence award for Top 5% Holders
- Won 1st place in ProtoType Expo, awarded with Rs. 5000

Projects

My Portfolio : <https://itsnitish.netlify.app/>

Facial Intruder Alert System | Python, opencv, numpy, ctypes

Personal - September 2024

Developed a **real-time facial authentication system** using Python and OpenCV, integrating intrusion detection with **automated alerts** (SMTP/telephony), system lockdown, and a **password-gated access layer**. Demonstrated expertise in computer vision, **secure access control**, and **threat response automation**.

WhisperLynx | Python, socket, threading, tkinter

Personal - August 2024

Built a secure **real-time chat application** using Python socket programming and **AES encryption** for end-to-end data protection. Designed a Tkinter-based GUI, **integrating network communication with cryptographic protocols** for secure and user-friendly messaging.

Secure Email Client Application | Python, flask, IMAP, SMTP, triple DES

Personal - November 2024

Developed a **Flask-based mail client** with **Triple DES encryption** for secure communication. Integrated **Hotmail via IMAP/SMTP** for real-time email exchange and implemented custom UI for sending, receiving, and managing encrypted messages.

Certifications

- **AWS Certified Cloud Practitioner**, AWS - February 2025
- **Database Management Systems**, SpringBoard - May 2025

Achievements

- Received six awards for paper presentations at various events both within and outside the college during the academic year 2024.
- Won 2nd place in Codeathon and awarded with Rs. 3000
- Awarded as "Tech Titans" at Sri Eshwar College of Engineering, Coimbatore in Hackathon'25

Technical Skills

Proficient in : NodeJS, MongoDB, SQL (MySQL & Sqlite), Python, Java, ReactJS, Flask, Git, GitHub, socket, HTML/CSS

Area of Interest : Java, DBMS, Web Development, Computer Networks

Soft skills : Adaptability, Collaborative working, Conflict management
